On the first day of March in 1964 five polite, fascinated enthusiastic lads from Tottenham, England, deplaned at Kennedy Airport in New York City. Dave Clark, Mike Smith, Rick Huxley, Lenny Davidson and Denny Payton had come to America to sing their first number one hit record, Glad All Over, on The Ed Sullivan Show. Since that time Dave and boys have been invited back again and again to perform on that top-rated variety show. In fact, they are the only English singing group to be invited to appear on Sullivan's show over ten times!

Since that first trip to the States two years ago, the Dave Clark Five have visited here six times and have sold over twelve and a half million records. Every recording released by the boys in the States has been a smash hit, up to and including their latest number one record, Over And Over.

This album of all of the Dave Clark Five's greatest hits includes the two aforementioned, Glad All Over and Over And Over, plus an assortment of the rest of the unforgettable, swinging (and very danceable) DC5 disks. Everybody Knows (I Still Love You), Can't You See That She's Mine, Bits And Pieces, Catch Us If You Can, and Glad All Over were written by Dave with the help of Lenny Davidson or Mike Smith. Because and Anyway You Want It were written by Dave alone. Only Do You Love Me and Over And Over are “outside” material.

Whether your personal choice is a ballad or a hard rock tune, you will find more than what you are looking for in this LP, impeccably produced by Dave Clark. Each band is a well-known favorite, a hit and is firmly stamped with the unmistakable and wildly rhythmical “sound of the DC5”.

I have personally known these charming and talented English boys since they first set foot on American soil. It has been a real pleasure to watch and share in their artistic and personal development over the past two years. With each trip to the States their legions of fans multiply. Their tours and concerts are complete sell-outs and they could not possibly find the time to fulfill each request they've received to do TV appearances (they have a standing open invitation to appear on The Ed Sullivan Show). Though the Dave Clark Five have developed into real pros and have entrenched themselves solidly into the American teen and adult music and motion picture market, I am happy to say that they are still the same, gentlemanly, curious and enthusiastic lads who deplaned at Kennedy Airport that windy March day in 1964. You'll have a ball sharing The Dave Clark Five's Greatest Hits with them!
